

CHLOE 2021 ENERGY MIX FOR BOUTIQUES & OFFICES

To meet with Chloé's target to reduce our scope 1 and 2 emissions in line with Paris Agreement 1,5° trajectory, the Maison committed to purchase electricity only coming from renewable sources.

In 2021, 94% of Chloé's boutiques & offices worldwide electricity mix was coming from renewable sources, guaranteed with a one of the following certificate:

- a Guarantee of Origin certificate (GO)
- a Renewable Energy Certificate (REC)
- a Power Purchase Agreement (PPA)

CHLOÉ'S ELECTRICITY MIX (BOUTIQUES & OFFICES)
